1. We systematically control the environmental impact of our products and processes	1	2	3	4	5	6	7
2. We implement a systematic approach to setting environmental targets	1	2	3	4	5	6	7
3. We implement a systematic approach to achieving environmental targets	1	2	3	4	5	6	7
4. We implement a systematic approach to demonstrating that environmental targets have been met	1	2	3	4	5	6	7

S06 Compared to the leaders in your industry in occupational health and safety management, to what extent does your plant engage in the following activities within your facility?

	Far less		About the same			Far more	
1. We systematically control the impact of our production process on occupational health and safety	1	2	3	4	5	6	7
2. We implement a systematic approach to setting occupational health and safety targets	1	2	3	4	5	6	7
3. We implement a systematic approach to achieving occupational health and safety targets	1	2	3	4	5	6	7
4. We implement a systematic approach to demonstrating that occupational health and safety targets have been met	1	2	3	4	5	6	7

S07 During the past two years, please indicate the extent to which your plant has performed from an environmental perspective:

	Not at all		Some extent			Great extent	
1. We have reduced energy use in our facilities	1	2	3	4	5	6	7
2. We have reduced water use in our facilities	1	2	3	4	5	6	7
3. We have reduced waste at our facilities	1	2	3	4	5	6	7
4. We have reduced emissions at our facilities	1	2	3	4	5	6	7

S08 During the past two years, please indicate the extent to which your plant has performed from a health and safety perspective

	Not at all		Some extent			Great extent	
1. We have reduced the number of occupational-related accidents at our facilities	1	2	3	4	5	6	7
2. We have reduced the number of occupational-related injuries at our facilities	1	2	3	4	5	6	7
3. We have reduced occupational-related ill health at our facilities	1	2	3	4	5	6	7
4. We have reduced the number of occupational-related insurance claims at our facilities	1	2	3	4	5	6	7
